

Urboteca

Urban INC has been a partner in Urboteca project, coordinated by the Association for Urban Transition in 2014-2015. Urboteca is a mobile pavilion designed to make information on urban development processes and strategies accessible for the inhabitants of Bucharest.

Main activities:

- Development of infographics on the governance structure of Bucharest and the way in which one can understand a zonal urban plan (PUZ).
- Research on topics of interest for Bucharest on the quality of life in the city and their translation into the main themes addressed in the project.
- Contributions to the collective volume “The city- a user manual”, chapter “The city of entrepreneurs”.

Team:

URBOTECA is the interface of PIPE: LINE project.

Coordinator: A.T.U.- Association for Urban Transition

Partners: Urban INC- Urban Insights Center (The Creative Room Association), Poiana lui Iocan, and the Nordic Urban Design Association (NUDA).

Sponsor: EEA Grants 2009 - 2014, within the Fund in Romania.
